English Program in Korea   Daejeon, South Korea

Guest English Teacher   *2012-2015*
• Developed and implemented English courses using Microsoft Office to promote classroom
  engagement and improve English proficiency for 2,000 unique middle school students.
• Managed summer and winter English camps during the students' vacation period so that they
  had the opportunity to expand their knowledge of the English language and culture.

Daejeon Metropolitan Office of Education

Lead Mentor / Volunteer   *2013-2015*
• Created and led a mentorship program for the Daejeon Metropolitan Office of Education (DMOE) to improve the
  integration of new Guest English teachers (GETs) into their new city and work environment.
• Mentored over 100 GETs by creating PDF tutorials for Korean applications, advising them on teaching
  strategies, and helping them communicate with their Korean co-workers through workshops sponsored
  by the DMOE.
• Collaborated with the DMOE to improve and help manage their first annual English debate tournament for middle
  and high school students.
